

# *The Black and Gold*

Volume 7

May 2022

## ..... Superintendent's Section .....

*Greetings Highland Community,*

*The Legislature passed HB790, which has now been signed by the Governor. The bill includes a formula for distributing \$72 million in Literacy Funding to K-3rd graders partially based on their Idaho Reading Indicator test scores, comparing Spring 2021 to Spring 2022. There is also additional funding for a student identified as economically disadvantaged. What this means for our school is that we need to have an accurate count of how many K-3 students qualify for free and reduced lunch. Because of federal legislation, all school lunches have been provided free of charge for all families. That program is likely ending this year and because everyone received free lunches, we may not have an accurate count of how many of our students qualify.*

*I would ask all parents of grades K-3 to please fill out an application for free and reduced lunch if you believe your family qualifies. This information will help us to get an accurate count of our students and allow us to access early literacy funds that benefit all children grades K-3. Free and reduced lunch forms are available in the office. Please contact me with any questions you might have.*

*Sincerely,*

*Jacob Gion*

# Principal's Piece

.....

*Dear Highland Community,*

*April has traditionally been viewed as a month on the Prairie that holds many changes with Spring approaching. At Highland we are starting the ISAT testing for grades 3 through 10 for English and Math. 5th and 11th graders will also be taking the Science ISAT. This provides a system of data that helps show where students' scores relate to the other schools in the state, and to help drive instruction in the future for all students in our District.*

*We would also like to extend our gratitude for your participation in the recent Student/Parent/Teacher conferences for all grade levels. Taking time to visit with you and your students is an important part of our process to ensure that you and our staff are all on the same path toward your student's learning success.*

*The beauty of our small school is the communication, care and collaboration that happens in taking into account the feelings and perspectives of each family. Our school community will continue working to ensure that students and families feel supported and respected in how they choose to navigate the learning progress for each of their students at Highland. Please feel free to reach out if you have any questions or concerns about your student or our schools.*

*Key dates for May:*

*BPA - National competition is May 4th and 5th in Dallas, Tx.*

*Mrs. Poxleitner - our National Honor Society Advisor - Students will be "adopting" a teacher for Teacher Appreciation Week May 2-5*
